

Instructions:  
Cut out each card before class!

Rick tells his mom that  
he needs lunch money  
for school.

Rick goes to the  
cafeteria, puts in his  
lunch number, and  
receives his lunch.

The mom checks her  
checking account  
balance online to make  
sure her pay was  
deposited.

A busy mom goes to  
work each week.

The lunch money is  
deposited into Rick's  
school cafeteria  
account.

When the mom gets  
paid, the company  
deposits money into  
her checking account  
at her bank using direct  
deposit.

Rick's mom writes a  
check made out to the  
school cafeteria.
