## WE ARE COMMUNITY STRONG

### PUTTING COMMUNITY FIRST

Range Bank is committed to fostering a team of employees who are proud to be a part of the communities where we live, serve, and work. Throughout 2023, Range Bank's employees collectively contributed over 400 hours of volunteer work to various community initiatives. Whether it involved assisting a local animal shelter, providing meals to those in need, participating in Habitat for Humanity home-building projects, maintaining local trails, or managing concessions at school events, we believe that our volunteer efforts have a substantial impact. In addition to volunteering their time, Range Bank's employees generously donated over \$5,000 to local organizations through our dress-down funds. These funds are accrued when employees choose to make monetary contributions in exchange for being able to wear jeans to work on Fridays.

### THE BANK FOR THE SCHOOLS

At Range Bank, we have been dedicated to promoting financial literacy within our communities since 2021. In 2023, our School Spirit team delivered nine in-classroom financial literacy lessons and introduced a new "reality fair" lesson to the program. Our award-winning Financial Literacy program has been recognized by the Michigan Bankers Association since its inception, and we are pleased to announce that our 2023 program has won the award once again. Throughout the year, our support for local schools also extends to our School Spirit Debit Card program and our annual School Supply Drive. Through the School Spirit Debit Card program, we were able to contribute over \$18,500 to participating schools in 2023, bringing the total donations to local schools to over \$70,000 year-to-date. This year, our annual School Supply Drive commenced with a community concert in our headquarters' parking lot and raised over \$6,000 in school supplies, which were distributed to local schools.

## CORE **VALUES**

### RESPECT We treat fellow co-workers,

sustomers, and partners with equal respect.

OWNERSHIP We are accountable for our actions.

COMMUNITY We are committed to building strong communities.

**KNOWLEDGE** We have the expertise to provide sound financial advice.

STRENGTH We are financially stable with a strong organizational culture.

. . . . . . .

### OUR MISSION

We will be the bank of choice in the communities we serve

# ANNUAL 2023

As we reflect on our 2023 accomplishments, community was at the core of all Range Bank did. Despite economic challenges that we and other community banks faced, we maintained our commitment to personalized, quality service and competitive products that propel our mission: to be the bank of choice in the communities we serve.

We were gratified by the growth in loans and deposits we achieved last year. Despite rising interest rates from the U.S. Federal Reserve, we grew our commercial loans by more than 10% with growth in all four regions: Marguette County, Copper Country, Dickinson County and Brown County. This is testament to our wonderful commercial loan officers and the quality service they provide to our business customers.

For the second year in a row, we recorded no loan losses in our portfolio of commercial, residential and other consumer loans. The strength of our loan portfolio enabled us to reverse \$100,000 from our loan loss reserve while still maintaining a strong reserve balance.

We are also very pleased to report a 3.6% increase in deposit volume during a time when many banks experienced a decrease in deposits. This is a result of our deposit team intentionally and frequently connecting with our large deposit customers to ensure we are meeting their needs.

As a result, we grew our balance sheet assets by almost 10%, increasing from \$519 million to \$569 million. Additionally, our assets under management increased 6.75%, growing from \$1.01 billion to \$1.08 billion thanks to an increase of 15.5% in our Trust and Wealth Management area. As you know, we have made to the bank. During his 20 years on the board of directors, he provided valuable significant investments in this team over the years, and we are gratified by the results achieved in 2023.

Still, economic headwinds presented significant challenges for us in 2023. Our net income was down compared to the previous year, from \$4.9 million in 2022 to \$1.77 million in 2023. This 64% decline was driven by several factors, including As we move further into 2024, we continue to analyze what the future economic the cost of deposits outpacing our ability to reprice loans and investments. Interest income from loans and deposits increased \$4.5 million in 2023 compared painfully slow pace and the Fed's commitment to a 2% target has not wavered. to the previous year while interest expenses from deposits and loans increased \$6 million, creating a decrease in our net interest income of \$1.5 million for the just-completed year. This put a squeeze on our 2023 net interest margin. As our loans and investments start to reprice, we expect deposit cost increases will slow in 2024, allowing our net interest margin to increase. The fair value of our loan servicing income was also affected by interest rates and our revenue decreased in this category by \$1.97 million when compared to 2022.

Additionally in 2023, we decided to sell \$16 million in investment securities at an average rate of 1.94%, which produced a loss of \$644,000. We then used these funds to purchase investments at higher yields of 6%-7% with the expectation that we will recover this loss in less than one year. This investment sale resulted in an additional expense of \$177,000 when compared to 2022.

Throughout the country, mortgage originations were down. Mortgage servicing rights flattened in 2023 as interest rates stabilized. Finally, we received a one-time payment of \$630,000 of our bank-owned life insurance.

Out of an abundance of caution so we could conserve our capital, our board of directors decided to decrease our fourth-guarter 2023 stock dividend by approximately 50%. This has enabled us Sincerely, to continue to grow in a rate environment that will be positive to our net income. Our board will continue to review our dividend policy on a quarterly basis with a focus on raising the dividend when we feel comfortable with the trajectory of the economy

and our capital position.

Despite these challenges, Range Bank continues to be well capitalized and to enjoy solid liquidity. To set us up for continued success, we have repositioned our balance sheet and created efficiencies within the bank, including reducing our staff count by 14 without the need for any layoffs. We did this through attrition and by carefully analyzing vacancies before rehiring to ensure we had the right people in the right positions. We continue to focus on retaining key members of our team in a competitive job market.

### **COMMUNITY STRONG**

The theme for this annual report – Community Strong – is a nod to our core values and our community-focused accomplishments in 2023. As we begin our 137th year, we continue to be committed to our core values, which we affectionately refer to as ROCKS: respect, ownership, community, knowledge and strength. These core values flow through everything we do as a community bank and in the communities we serve.

I want to take a moment to thank our dedicated leadership team of Range Bank. Their commitment to always doing the right thing for our employees, customers and shareholders is unwavering. I also want to extend my deep gratitude to each and every one of our employees for all they do to uphold our core values every day.

### BOARD

One of our long-time directors, John Marshall, retired from the board at the end of 2023, and I would like to express my gratitude for the contributions he made guidance and leadership that included keeping the board informed on what was going on in the community. He was an outstanding supporter of the bank and l wish him all the best in retirement.

### LOOKING AHEAD

environment holds. At the time of this writing, inflation continues to retreat at a We are seeing a healthy U.S. economy with strong consumer sentiment and low unemployment, which will enable the Fed to be patient with any rate decreases and be driven by data, rather than emotions, in its decision-making.

At Range Bank, we believe that by being the bank of choice in the communities we serve, we will continue to grow our franchise, achieve our financial goals and increase shareholder value.

The changes made in late 2023 in combination with our solid balance sheet position allow us to capitalize on growth opportunities in the coming year. We have updated our strategic plan for 2024 and will continue to focus on growth, profitability and risk management.

We hope you will join us Tuesday, May 21, at 5 p.m. for our annual shareholder meeting. You'll find specific details in your annual meeting notice. I also look forward to seeing you throughout the year at various community events.

Thank you for your continued support of Range Bank and the faith you put in us to deliver exceptional service. On behalf of our directors, officers and entire team, I am grateful you are part of our family.

Moram M Stan
